

Lake Management Workshop

Not sure how to get rid of lily pads? Who pays for this? What can I do as a homeowner along the lake to treat the lily pads and other aquatic invasive plants?

Join the Mountain Lake Community Association & Solitude Lake Management for an important informational **Q&A** about Lily pads, other aquatic plants and how Mountain Lake is being managed.

May 22nd at 6pm at the Mt. Lake Firehouse

99 Tamarack Road, Belvidere, NJ 07823

This workshop is being presented free to the community to support better whole lake management of Mountain Lake. If you live at the lake, you really need to attend this event to learn about who manages what parts of the lake and how this affects your lakefront property. Any questions? Call Shannon at 908.475.5122.
